

testing::Test

```
classDiagram
    class testing__Test["testing::Test"]
    class testing__CodeLocationFor_TESTF["testing::CodeLocationFor TESTF"]
    testing__CodeLocationFor_TESTF --|> testing__Test
```

The diagram illustrates a generalization relationship in UML. A light gray box at the bottom, labeled 'testing::CodeLocationFor TESTF', has a blue arrow pointing upwards to a white box at the top, labeled 'testing::Test'. The arrow indicates that 'testing::CodeLocationFor TESTF' is a specialization or subclass of 'testing::Test'.
